

## Event Notice

### **OS+H Asia postponed to 29 September – 1 October 2021**

**Singapore, 19 April 2021** - The 12<sup>th</sup> edition of Occupational Safety and Health Exhibition for Asia scheduled for 28 – 30 July will be postponed until later this year from 29 September – 1 October. As the region's leading exhibition focusing on workplace safety and health, OS+H Asia will be going hybrid in the upcoming edition, with the physical exhibition taking place at Marina Bay Sands, Singapore.

The calculated move will provide a more opportune backdrop with greater market confidence alongside eventual easing of COVID-19 measures, and therefore provide a better position for occupational safety and health professionals, as well as the trade exhibition to deliver customer expectations and performance success. As part of our efforts to adapt to the new landscape, OS+H Asia 2021 will feature a hybrid format, organising a parallel digital platform for stakeholders and participants unable to attend the physical exhibition. These measures will provide the online connection and professional matchmaking between interested professionals and exhibiting companies, further optimising new business opportunities and augmenting the capacity for global networking.

The postponement represents an unprecedented scenario for all concerned and OS+H Asia will continue to take every possible measure to carry over the successful status of the trade fair to the new dates.

The OS+H Asia team would like to extend our appreciation to all industry partners, exhibitors and visitors for your continued support as we adapt to shifting conditions together. We will be in touch with all exhibitors and partners to discuss event logistics and planning. Participants may also contact [osha@mda.com.sg](mailto:osha@mda.com.sg) for immediate assistance.
